

MAGNETIC CAPPING HEADSETS

Better Bottling
THE FBN WAY

Make a Clean Break! Our Clutch Never Needs Grease—Even During Assembly and Rebuild.

Fully Encased Sealed Magnets

- Precision laser welded enclosure... impermeable!
- The only clutch in the industry with a lifetime magnet guarantee!

Smooth Torque Technology

- Promotes ultra-tight torque range and eliminates over-tightening.

Push-Button Adjustment

- Allows tool-less torque setting changes.

Excellent Wash-Down Resistance

- Robust sealing system to withstand even the harshest environment.

Oversized Thrust Bearing

- Superior performance over radial ball bearings used by competitors.

Non-Metallic, Top-Load Bushing

- Never requires grease, even during assembly.
- Will not corrode like competitors metallic bushing.

Spring Cover

- Provides additional protection from harsh environments.

Adjustable Top-Load with Visual Scale

- Easy and accurate setting of top load force with mechanical limiter to ensure settings are easily repeated.

But Wait—There's More to Love About FBN!

CAPPING SOLUTIONS + SPOT-ON CUSTOMER SERVICE

FBN manufactures capping solutions with fixed and articulated clutches in an assortment of configurations and innovative materials.

We also offer a range of solutions from filling systems to line audits and bottling equipment to keep your line running at its best.
