

ROTARY UNION

Better Bottling
THE FBN WAY

No Bearings=No Grease.

Low Maintenance Design

- Does not require greasing and eliminates potentially catastrophic bearing failure.

Adjustable Housing

- Tightens packings to prevent disruption should leaking occur.
- Extends life between rebuilds.

Machined from Solid Stock

- Ensures concentricity and maximum part strength as opposed to modular, welded components.

Engineered Polymer Bushing with Superior Lubricity

- Provides maximum stability and prevents metal-to-metal contact.

Polished Finish

- All product contact surfaces are polished for improved cleaning effectiveness.

Industry Proven Packing Design

- Seals effectively over an extended period—even in adverse conditions.
- Easily and affordably rebuilt.

Reduced Overall Diameter

- Fits through standard roof opening for easier installation.

But Wait—There's More to Love About FBN!

CAPPING SOLUTIONS + SPOT-ON CUSTOMER SERVICE

FBN manufactures capping solutions with fixed and articulated chucks in an assortment of configurations and innovative materials.

We also offer a range of solutions from filling systems to line audits and bottling equipment to keep your line running at its best.

SAY GOODBYE TO BEARINGS, CONTACT US TODAY.
