

# MAGNETIC CAPPING HEADSETS

**Better Bottling**  
**THE FBN WAY**

# Make a Clean Break! Our Clutch Never Needs Grease—Even During Assembly and Rebuild.

## Fully Encased Sealed Magnets

- Precision laser welded enclosure... impermeable!
- The only clutch in the industry with a lifetime magnet guarantee!

## Smooth Torque Technology

- Promotes ultra-tight torque range and eliminates over-tightening.

## Excellent Wash-Down Resistance

- Robust sealing system to withstand even the harshest environment.

## Non-Metallic, Top-Load Bushing

- Never requires grease, even during assembly.
- Will not corrode like competitors metallic bushing.

## Spring Cover

- Provides additional protection from harsh environments.

## Adjustable Top-Load with Visual Scale

- Easy and accurate setting of top load force with mechanical limiter to ensure settings are easily repeated.

## Push-Button Adjustment

- Allows tool-less torque setting changes.

## Oversized Thrust Bearing

- Superior performance over radial ball bearings used by competitors.

## But Wait—There's More to Love About FBN!

### CAPPING SOLUTIONS + SPOT-ON CUSTOMER SERVICE

FBN manufactures capping solutions with fixed and articulated clutches in an assortment of configurations and innovative materials.

We also offer a range of solutions from filling systems to line audits and bottling equipment to keep your line running at its best.
